Office of Legislative Counsel

Thursday - 30 September 1954

- - - -

1. Arrangements have been completed to debrief Congressman Patrick Hillings on the subject of his recent trip to Central and South America. The debriefing will take place at 0930 on 1 October in the DCI's conference room. The DCI has indicated a desire to talk briefly with Congressman Hillings while he is here.

2. General Betts informs me that the staff of the Kersten Committee on Communist Aggression has made feelers through RFE for the appearance of [REDACTED] and that the Director has indicated no objections. General Betts agrees that this appearance should be controlled by CIA and that therefore we will await any formal requests which Chairman Kersten might make to RFE, who in turn will inform us.
